Dear Mr. Reisberg,

I am so thankful to you for answering my letter. It also was a good thing not to put your address on the envelop.
I am from Germany, we all loved the late President so much. I am especialy proud because I am celebrating my birthday at the sam day then the late President
P.S. I am alone and being given a chance, I would also like to help as much as possible.
If you do come back to Los Angeles, or if you do visit your friend - number I will the time I can call you.

God bless you and your family,

sincerely

Gerhard R. Lange.
